

CURRICULUM VITAE FOR ANDERS BJÖRKLUND

Born on July 11, 1945 in Söderhamn, Sweden.

Current position: Senior Professor of Histology, Wallenberg Neuroscience Center, Lund University, Sweden

Web site: www.wnc.lu.se

Orcid: <https://orcid.org/0000-0002-5676-6203>

Education:

1964-1967	Medical school, Lund University
1966-1969	Doctor of Medicine (Medical Sciences), PhD in Histology
1970	Docent of histology at Lund University

Appointments:

At Lund University, Lund, Sweden:

1966-69	Assistant teacher
1969-71	Research associate
1971-72	Docent
1973-83	Associate Professor of Histology (Lektor)
1983	Professor of Histology
1996-2012	Section Chief at Wallenberg Neuroscience Center, Lund University
2012-	Appointment as Senior Professor at the faculty of medicine, Lund University

Abroad:

April 1985	Visiting Professor at the College de France, Paris
1989-90	Newton-Abraham Visiting Professor at the University of Oxford, England

Scientific publications

About 650 publications in the fields of neuroanatomy, neuronal regeneration, cell transplantation and repair in the central nervous system.

h-index: 150 (Scopus) 172 (Google Scholar); total citations: 71074 (Scopus) 90919 (Google Scholar), as of October 2023.

<https://scholar.google.com/citations?user=W8CXjsMAAAJ&hl=en&oi=ao>

Commissions of Trust

- European Neuroscience Association: President 1996–1998
- Royal Swedish Academy of Sciences: Chairman of the Medical Class 1995-2000
- Wellcome Trust, UK: Neurosciences Panel Member 2004-2006
- Parkinson's Disease Society, UK: Panel Member 2007-2009
- Michel J Fox Foundation, New York: Member of the Scientific Advisory Board and/or Executive committee 2004-2014.
- European Research Council, Brussels: Chairman of the Neurosciences Panel 2007-2010
- Member of the Scentific Advisory Board of the Neuroscience Center at Helsinki University 2002-.
- Swedish Research Council, Stockholm: Panel Member 2016-2018.
- Wallenberg Academy Fellows Committee of the Royal Swedish Academy of Sciences, Stockholm: 2011-.
- The Brain Prize, Copenhagen: Member of the Board 2010-2015, Member of the Selection Committee 2015-2017, Chairman 2017-2019.
- Member of the HiLIFE Scientific Council at Helsinki University 2017-2019.
- Member of Biogen's Q2 Scientific Advisory Board 2018-

- Member of the panel LS5, Neuroscience, for the evaluation of ERC Starting Grants 2020

Honors

- Doctor Honoris Causa, University of Turin, Italy 1987
- Doctor Honoris Causa, University of Copenhagen, Denmark 1989
- Master of Science, University of Oxford, 1989
- Member of the Royal Swedish Academy of Sciences since 1989
- Lifetime Fellow of Clare Hall College, Cambridge, UK since 1999
- International member of the National Academy of Sciences, USA, since 2011

Lectureships and Awards

- The Wakeman Award from Duke University, NC, USA, 1984 (with L Olson and U Stenevi)
- Brooks Lecturer at the Harvard Medical School, November 1986
- Presidential Lecturer, Society for Neuroscience annual meeting, Toronto, 1988
- Presidential Lecturer, European Neuroscience Association meeting, Turin, 1989
- The Zulch Prize from the Max-Planck Society, Germany, 1990 (with Lars Olson)
- The Göran Gustafsson Prize and Award from the Swedish Academy of Sciences, 1990
- The IPSEN Prize in Neuronal Plasticity from the IPSEN Foundation, Paris, 1990 (with Albert Aguayo and Fred H. Gage)
- The International Cajal Medal and Award from The Cajal Institute, Madrid, Spain, 1991
- Lars Leksell Lecturer, University of Virginia, Charlottesville, VA, 1992
- Decade of the Brain Lecturer, American Academy of Neurology, San Diego, 1992
- The Charles A. Dana Award from the Dana Foundation, New York, 1993 (with F. H. Gage)
- The Jubilee Prize from the Swedish Society for Medicine, Stockholm, 1993 (with Olle Lindvall)
- The Koester Memorial Lectureship and Award, University of Zürich, Switzerland, 1995
- Decade of the Brain Lecture, Brain Research Association, London, 1995
- The Anders Jahre Prize for Medical Research from Oslo University, Norway, 1995 (with L Olson)
- The Stanley Fahn Lecturer, The Movement Disorders Society Meeting, New York, 1998
- The Söderberg Prize for Medical Research from the Swedish Society for Medicine, Stockholm, 2000 (with Olle Lindvall)
- William H. Sweet Lecturer, Massachusetts General Hospital, Boston, October 2002
- Presidential Lecturer, Society for Neuroscience Annual Meeting, Orlando, Fla, Nov. 2002
- The Van Wagenen Lecture, American Association for Neurological Surgeons, May 2004
- The Charles Sherrington Lecture, University of Liverpool, Nov 23, 2004
- The Ragnar Granit Lecture in Neuroscience, Karolinska Institutet, Stockholm, Nov. 25, 2004
- The Wendell JS Krieg Lifetime Achievement Award from the Cajal Club, June 2006
- Lundbeck Foundation Nordic Award for Outstanding Research, Copenhagen, March 2007
- The Sven Berggren Prize from the Royal Physiographic Society, Lund, October 2008
- The Van Wagenen Lecture, American Association for Neurological Surgeons, May 2009
- The Robert A Pritzker Prize from the Michael J Fox Foundation, June 2011.
- The Eric K Fernstrom Nordic Prize from Lund University, November 2011.
- Helis Foundation Award for Parkinson's Disease and Neurodegenerative research at Johns Hopkins University, Baltimore, September 2013
- European College of Neuropharmacology (ECNP) Neuropsychopharmacology Award, October 2013
- The Camillo Golgi Medal of the University of Brescia, Italy, October 2016.

Theses of graduate students examined under my main supervision:
(later activity in brackets)

- Ulf Stenevi (1973) (Emeritus Professor of Ophthalmology, Göteborg University)
- Anders Nobin (1973) (Docent Surgery; deceased 1987)
- Hans-Georg Baumgarten (1973) (Professor of Anatomy, Freie Universität, Berlin; now retired)
- Olle Lindvall (1974) (Senior Professor of Neurology, Lund University Hospital)
- Bo Bjerre (1974) (Practising physician, Borlänge, Sweden)
- Niels-Aage Svendgaard (1975) (Professor of Neurosurgery, Karolinska Hospital, deceased)
- Kjeld Mollgard (1979) (Prof. of Anatomy, Copenhagen; Rector Copenhagen Univ. 1995-2001)
- Leif Wiklund (1979) (Överläkare, Dept of Clinical Genetics, Uppsala University)
- Ingemar Lorén (1981) (Överläkare, Dept of Radiology, Malmö University Hospital)
- Gunnar Skagerberg (1984) (Neurosurgeon, Lund University Hospital)
- Ole Isacson (1987) (Professor, Harvard Medical School, Boston)
- Patrik Brundin (1988) (Professor and Director, Parkinson's Disease Center, Van Andel Institute, Grand Rapids, USA)
- Peter Kalén (1988) (Hand Surgeon, Malmö University Hospital)
- Klas Wictorin (1990) (Överläkare, Dept of Neurology, Lund University Hospital)
- Ola G. Nilsson (1990) (Chief of Clinic, Dept of Neurosurgery, Lund University Hospital)
- Walter Fischer (1991) (Neurosurgeon, Rigshospitalet, Copenhagen, Denmark)
- Angela Cenci-Nilsson (1993) (Professor, of Neuroscience, Lund University)
- Guido Nikkhah (1994) (Professor of Neurosurgery, University of Erlangen, Germany)
- Kenneth Campbell (1994) (Professor, University of Cincinnati, Cincinnati)
- Hansjörg Sauer (1995) (Senior scientist, Guildford Pharmaceuticals, Baltimore)
- Cecilia Lundberg (1996) (Professor, Wallenberg Neuroscience Center, Lund University)
- Giampiero Leanza (1996) (Associate professor, University of Trieste, Italy)
- Martin Olsson (1997) (Neurosurgeon, Karolinska Hospital, Stockholm)
- Carl Rosenblad (1999) (Neurologist, Lund University Hospital)
- Denz Kirik (2001) (Professor, Lund University)
- Christian Winkler (2002) (Chief Neurologist, Lindenbrunn Hospital, Germany)
- Ulrica Englund (2002) (Lektor, Lund University; Joint supervision with K. Wictorin)
- Malin Parmar (2003) (Professor, Lund University, Joint supervision with K. Campbell)
- Biljana Georgievská (2004) (Researcher, AstraZeneca, Södertälje)
- Elin Andersson (2005) (Researcher, Lund University Hospital)
- Thomas Carlsson (2007) (Researcher, Göteborg University)
- Josephine Hebsgaard (2008) (Research scientist, Novo Nordisk A/S, Copenhagen)
- Marie Jönsson (2009) (Project Manager, Lund Stem Cell Center, Lund University)
- Shane Grealish (2012) (Medical school, Oxford, UK)

Postdoctoral fellows:

A total of about 50 postdoctoral scientists have worked in my lab over the years. Some have developed into recognized leaders in their fields, such as Prof Fred H Gage (Salk Institute, La Jolla, USA), Stephen B Dunnett (Cardiff University, UK), and Lachlan Thompson, Florey Institute, Melbourne).

Selected publications (of a total of about 650):

- Björklund, A.**, Stenevi, U., Svendgaard, N-A. (1976) Growth of transplanted monoaminergic neurons into the adult hippocampus along the perforant path. *Nature* 262: 787-790.
Björklund, A., Stenevi, U.: Reconstruction of the nigrostriatal dopamine pathway by intracerebral nigral transplants. *Brain Research* 177:555-560, 1979.

- Björklund, A.**, Stenevi, U., Dunnett, S.B., Iversen, S.D.: Functional reactivation of the deafferented neostratum by nigral transplants. *Nature* 289:497-499, 1981.
- Low, W.C., Lewis, P.R., Bunch, S.T., Dunnett, S.B., Thomas, S.R., Iversen, S.D., **Björklund, A.**, Stenevi, U. (1982) Functional recovery following neural transplantation of embryonic septal nuclei in adult rats with septohippocampal lesions. *Nature* 300: 260-262.
- Björklund, A.**, Stenevi, U., Schmidt, R.H., Dunnett, S.B., Gage, F.H. (1983) Intracerebral grafting of neuronal cell suspensions. *Acta Physiol. Scand., Supplement* 522.
- Fray, P.J., Dunnett, S.B., Iversen, A., **Björklund, A.**, Stenevi, U. (1983) Nigral transplants reinnervating the dopamine-depleted neostriatum can sustain intracranial self-stimulation. *Science* 219: 416-419.
- Gage, F.H., Dunnett, S.B., **Björklund, A.**, Stenevi, U. (1983) Aged rats: recovery of motor coordination, impairments by intrastratal nigral grafts. *Science* 221: 966-969.
- Isacson, O., Brundin, P., Kelly, P.A.T., Gage, F.H., **Björklund, A.** (1984) Functional neuronal replacement by grafted striatal neurones in the ibotenic acid-lesioned rat striatum. *Nature* 311: 458-460.
- Gage, F.H., **Björklund, A.**, Stenevi, U., Dunnett, S.B., Kelly, P.A.T. (1984) Intrahippocampal septal grafts ameliorate learning impairments in aged rats. *Science* 225: 533-536.
- Isacson, O., Dunnett, S.B., **Björklund, A.** (1986) Graft-induced behavioral recovery in an animal model of Huntington's disease. *Proc.Natl.Acad.Sci.* 83: 2728-2732.
